	☐ Box No. VIII	No. VIII Certain observations on the international application							
2.	FURTHER ACTI	ON							
If a demand for international preliminary examination is made, this opinion will usually be considered to be a written opinion of the International Preliminary Examining Authority ("IPEA"). However, this does not apply where the applicant chooses an Authority other than this one to be the IPEA and the chosen IPEA has notified the International Bureau under Rule 66.1 bis(b) that written opinions of this International Searching Authority will not be so considered.									
If this opinion is, as provided above, considered to be a written opinion of the IPEA, the applicant is invited to submit to the IPEA a written reply together, where appropriate, with amendments, before the expiration of three months from the date of mailing of Form PCT/ISA/220 or before the expiration of 22 months from the priority date, whichever expires later.									
	For further optio	ns, see Form P	CT/ISA/220.						
3. For further details, see notes to Form PCT/ISA/220.

WRITTEN OPINION OF THE INTERNATIONAL SEARCHING AUTHORITY

International application No. PCT/EP2004/004243

_							
_	Box N	o. I Basis of the opinion					
1.	 With regard to the language, this opinion has been established on the basis of the international application in the language in which it was field, unless otherwise indicated under this item. 						
	laı	is opinion has been established on the basis of a translation from the original language into the following nguage , which is the language of a translation furnished for the purposes of international search nder Rules 12.3 and 23.1(b)).					
2.	With regard to any nucleotide and/or amino acid sequence disclosed in the international application and necessary to the claimed invention, this opinion has been established on the basis of:						
a. type of material:							
		a sequence listing					
		table(s) related to the sequence listing					
	b. form	nat of material:					
		in written format					
		in computer readable form					
	c. time	of filing/furnishing:					
		contained in the international application as filed.					
		filed together with the international application in computer readable form.					
		furnished subsequently to this Authority for the purposes of search.					
3.	h: Ct	addition, in the case that more than one version or copy of a sequence listing and/or table relating thereto as been filed or furnished, the required statements that the information in the subsequent or additional opies is identical to that in the application as filed or does not go beyond the application as filed, as oppopriate, were furnished.					

Form PCT/IPEA/237 (January 2004)

4. Additional comments:

WRITTEN OPINION OF THE INTERNATIONAL SEARCHING AUTHORITY

International application No. PCT/EP2004/004243

	Box No	o. II Priority								
1.	⊠ Th	e following docume	ollowing document has not been furnished:							
		☐ translation of t	he earlier appli	cation wh	ation whose priority has been claimed (Rule 43bis.1 and 66.7(b)).					
	Co	nsequently it has no vertheless been est	the validity of the priority claim. This opinion has that the relevant date is the claimed priority date.							
2.	This opinion has been established as if no priority had been claimed due to the fact that the priority claim has been found invalid (Rules 43 <i>bis</i> .1 and 64.1). Thus for the purposes of this opinion, the international filing date indicated above is considered to be the relevant date.									
3.	Additional observations, if necessary:									
		Box No. V Reasoned statement under Rule 43 <i>bis</i> .1(a)(i) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement								
1. Statement										
	Novelty	′ (N)	Yes: No:	Claims Claims		15-19, 27-30 1-14,20-26,31				
	Inventi	ve step (IS)	Yes: No:	Claims Claims		1-31				
	industr	ial applicability (IA)	Yes: No:	Claims Claims		1-31

Re Item V.

1 The following documents are referred to in this communication:

D1: US 3 949 939 A (BROWN FRANK E) 13 April 1976 (1976-04-13)

D2: US-A-2 435 605 (ROWELL HERMAN L) 10 February 1948 (1948-02-10)

2 INDEPENDENT CLAIM 1

2.1 The present application does not meet the criteria of Article 33(1) PCT, because the subject-matter of claim 1 is not new in the sense of Article 33(2) PCT. Document D1 discloses (the references in parenthesis applying to this document):

A nasal dispensing nozzle(Fig: 2; 100; Column: 2; Lines: 3-4) for use with a fluid medicament discharge pump device (Fig: 2) having a discharge outlet (Fig: 2; 112) for discharge of pumped fluid medicament, the nasal dispensing nozzle comprising: a body (Fig: 2; 104) defining a fluid flow channel (Fig: 2; 111); an inlet port defining an inlet to said channel (Fig: 2; 106), said inlet port shaped for receipt of said discharge outlet to enable delivery of said pumped fluid medicament to the channel (Column: 2; Lines: 58-68); and an outlet port defining an outlet from said channel (Fig: 2; 112, 114), said outlet port shaped for insertion into the nasal cavity of a user to enable delivery of the pumped fluid medicament thereto (Column: 2; Lines: 58-68), wherein a screw thread path (Fig: 8; 130, 132) is provided to the channel between the inlet and said outlet to impart angular momentum to the pumped fluid medicament (Column: 3; Lines 1-9).

3 INDEPENDENT CLAIM 21

3.1 The present application does not meet the criteria of Article 33(1) PCT, because the subject-matter of claim 21 is not new in the sense of Article 33(2) PCT.

Document D1 discloses (the references in parenthesis applying to this document):

A housing assembly (Fig: 2; 110, 108, 102) for reversible receipt of a fluid medicament discharge pump device for spraying a fluid medicament into a nasal cavity, the housing assembly comprising a body defining a cavity (Fig: 2;102); and engageable with said body, a dispensing nozzle (Fig: 2; 104, 122, 130) according to any of claims I to 20.

International application No.

PCT/EP2004/004243

4 INDEPENDENT CLAIM 22

4.1 The present application does not meet the criteria of Article 33(1) PCT, because the subject-matter of claim 22 is not new in the sense of Article 33(2) PCT.

Document D1 discloses (the references in parenthesis applying to this document):

A fluid medicament dispensing device comprising a housing assembly according to claim 21 and received thereby, a fluid medicament discharge pump device (Fig: 2).

5 INDEPENDENT CLAIM 31

5.1 The present application does not meet the criteria of Article 33(1) PCT, because the subject-matter of claim 31 is not new in the sense of Article 33(2) PCT.

Document D1 discloses (the references in parenthesis applying to this document):

A kit of parts comprising a housing assembly according to claim 20 and a fluid medicament discharge pump device receivable thereby (Fig: 2).

DEPENDENT CLAIMS 2-20, 23-30 Dependent claims 2-20, 23-30 do not contain any features which, in combination with the features of any claim to which they refer, meet the requirements of the PCT in respect of novelty and/or inventive step (Article 33(2) and (3) PCT). See the search report and the text indicated therein.

7 INDUSTRIAL APPLICABILITY
Claims 1-31 have industrial applicability in medical dispensing nozzles.
